# Highlights

## Easy lamp replacement

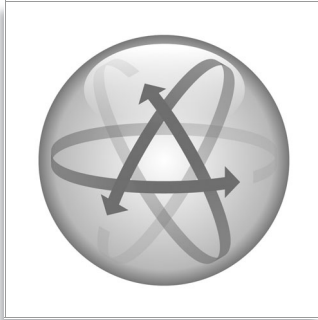

The extra twist to SmartSpot energy saving recessed spots: the magnetic cover plate to ensure an extra easy lamp replacement, when required after some years.

## Extremely long life

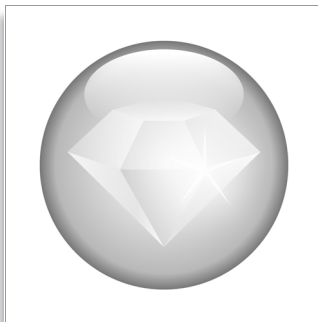

Long-lasting lamp life, up to 10,000 hours in use.

## Fabulous flexibility

Philips SmartSpot is an advanced light source that puts you in full control of your home lighting. Many pieces rotate freely, allowing you to direct the light to where you need it most.

## Premium material

SmartSpot is constructed from high quality materials like die-cast aluminium.

## Saves up to 80% energy

Every SmartSpot conserves energy, helping you to save money on your electricity bills and do your bit for the environment.

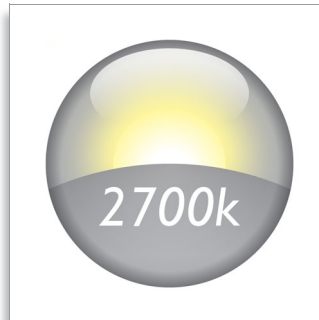

## Sleek and discreet designs

The modern recessed styles are sleek and discreet, and fit perfectly into ceilings with no jutting edges or awkward shapes to distract from the décor of your room.

## Diffused light effect

Its diffused light will illuminate your room with warm white light, allowing you to combine functionality and respect for the environment.

## Warm white light effect

SmartSpot uses the latest energy-saver lamp technology to provide a flood of warm white natural light.
